### **Two important things to take note of:**

Ms. Saro Mahesan

“At the end of the day, the most overwhelming key to a child's success is the positive involvement of parents.”

### *Infant Class:*

Welcome to the infant class. Another school year for everyone with lots of fun and learning experiences. Maria Montessori says “The environment must be rich in motives which lend interest to the activity and invite the child to conduct his own experiences.” With this, we allow the child to experience the different activities involving songs, arts, crafts and sign language. Every two weeks, we have different themes. Our theme for this month is painting all about me, handprint prints, footprints, etc. Kindly bring an old shirt to cover your child's clothes when we do painting and art, so as not to stain their clothes. Be reminded to sign in and sign out on our class attendance with your full legal signature. We would like to thank everyone who came to our Back to School Night. It was a great opportunity for us to meet our parents and talk about your expectations. If you have any questions, feel free to ask the teachers. With your continued support we hope to maintain a happy and healthy environment in the classroom.

Teachers: *Ms. Jenny, Ms. Karely, Ms. Lily and Ms. Martha*

### *Toddler Class:*

A warm welcome to our toddler class. We are very much excited to work with your child and lots of fun stuff to do for this school year. Learning should be fun and interesting. Especially going to school. We always encourage your child to talk and express themselves so as to help their vocabulary. We are also teaching your child to be able to take care of themselves like taking off their shoes, putting them on and among other activities that aims for their independence. We always encourage your child to use their good manners by saying or using sign language of “please”, “thank you” and etc. Starting them early helps in still good set of values and behaviour. Thank you for your support.

### *Preschool /Kindergarten Class:*

Welcome back to school! We had fun during our summer program and now we need to focus back on our academics. I would like to thank everyone who attended our Back to School Night. It was a great opportunity to meet and talk to our parents and learn what we do in class. Hope you had a great time!

In Science, we will focus on studying living things vs nonliving things, our solar system and the planets. In Language, we will continue to learn the simple phonetic sounds of the letters and prepare the other children in forming 3-letter words with the aid of the movable alphabet. In Math, we will review the association of symbols with their quantities and for the younger ones in class, we will practice counting numbers 1-10. This month's featured artist is Claude Monet, whose art we will study recreate and listen to the musical composition of Beethoven. The value of selflessness and how we can help others will be included in our discussions. For the role model of the month, we will talk about Abraham Lincoln and why they call him "Honest Abe".

Kindly check your child's cubby and always leave an extra set of clean clothes and flushable wipes. Snack calendar is posted on our parents' board and if you wish to swap schedule with another child, let me know.
